

BEES FOR SALE

High quality, strong, healthy nuclei (nucs) comprising; laying queens (marked), 5/6 frames of bees, brood in all stages and stores. These are hardy and hard-working bees which are well-tempered and easy to handle. They build well in the Spring to make good, large colonies for early honey production.

All in accordance with FERA recommendations.

Varroa treated.

£185.00

Delivery and installation service is available at a small additional cost. Contact us for more details.

Please note that our bees are supplied on BS National frames.

We have been breeding and selling bees for over 10 years.
